

MOUNT SIGNS & SIGNALS WITH STAINLESS STEEL STRAPPING TO DO THE JOB FASTER, BETTER, AND AT LOWER COST!

The ROYAL INDEPENDENT SYSTEM saves you money in these four important ways:

1. Uses low cost stainless steel strapping instead of expensive preformed clamps and brackets.
2. Requires 60% – 70% less time to mount any sign or signal.
3. Stainless steel strapping never requires painting. Sign stays up until you want it down.
4. Practically any sign or signal can be mounted on any size or shape of post, of any material, or on trees.

THERE ARE 2 TYPES OF TOOLS AVAILABLE FOR APPLYING "ROYAL" STRAPPING!

**MODEL P-1
RACHET TYPE**

**MODEL C001
SPINNER TYPE**

Engineered to tighten and cut strapping quickly and with little physical effort. May be used in any position, and handle all strapping widths and thicknesses without adjustment. Both are light in weight – only 3 lbs. – for less operator fatigue.

"MINUS 4" SIGN BRACKET

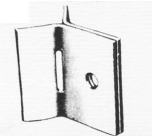

For poles 4" or less in diameter. Extruded tapped hole for bolts 5/6" – 18. No nut required.
Minus 4-SS...Stainless Steel Packed 100 per ctn.

"PLUS 4" SIGN BRACKET

For use on poles more than 4" in diameter. Extruded tapped hole for bolts 5/6" – 18. No nut required.
Plus 4-SS...Stainless Steel Packed 100 per ctn.

CANTILEVER SIGN BRACKET

Used for mounting two-sided and cantilever type signs on poles 2" or more in diameter. Use with nut and bolt.
No. C-SS...Stainless Steel Packed 100 per ctn.

WING SEALS

Designed especially for sign and signal mounting. For 3/4" width, any thickness strapping.
No. 06-SS...Stainless Steel Seals. Packed 100 per ctn.

BUCKLES

Heavy duty type for use primarily with 3/4" x .030 stainless steel strapping.
No. 3465-SS...Stainless Steel. Packed 100 per ctn.

STRAP CUTTER, MODEL C-1

Specially designed jaw action for easier cutting. Spring action opens jaws.

STAINLESS STEEL STRAPPING

High tensile, chrome nickel stainless steel strapping. Smooth, deburred edges, in self-dispensing cartons.
**No. 3420-SS...3/4" x .020 (200 ft.)
No. 3425-SS...3/4" x .025 (100 ft.)
No. 3430-SS...3/4" x .030 (100 ft.)**

BOLTS-HEX HEAD

5/16"-18 – 3/4" long.
No. 516-SS Stainless Steel Packed 100 per ctn.

WASHERS

Fibre, to prevent marring of porcelain enamel signs. 1/16" thick x 7/8" O.D. **Packed 100 per ctn.**

NUTS

For use with 5/16" bolts.
No. 8-SS Stainless Steel Packed 100 per ctn.
